

What brought you to RCIA?

Religion has always played a part in my life. After quitting my job, I gained some clarity and realized I needed to play a part in my religion. I wanted to set the example for my family and my kids, and I now had the time and sense of mind to participate.

What did you find/experience while in RCIA?

I gained a better understanding of many parts of The Scripture. I learned some of the history behind many things we do at church. I learned so much about the inner workings of our church that I never had learned just showing up to mass every Sunday. I felt a welcoming into the church. Blank faces at mass turned into my church community.

Why would you recommend RCIA to someone?

Every job you get in life, you tend to research the company before you apply. This class is the research. You will find out more about the BOSS, who you'll be working with and what will be expected of you on the job. It's the best, most fulfilling, most Important job you'll every have, so you want to be prepared.

What brought you to RCIA?

I have to be honest, I came to RCIA because I was getting married and I needed my confirmation in order to get married in the Catholic Church.

What did you find/experience while in RCIA?

While at RCIA, I discovered that I can be a catholic in my own way. I have learned to be devoted to God, establish a relationship with God, and be a better human being. What I got from attending RCIA was far more than what I expected. I feel RCIA will help me in my future relationship with God and my future spouse. At St. Therese, you get to meet a community of wonderful people. Part of why I enjoyed this process so much was because of Dotti. From the first day I stepped into this place, I have felt nothing but a feeling of welcoming and peace. I feel like I came into the right place, at the right time.

Why would you recommend RCIA to someone?

I would recommend this to anyone who would like to find out how God can become part of your life. It's a great place to learn about God as well as meet great people. It will change your life for good.
